

Eloheh Healthcare Services

At **Eloheh**, we are committed to delivering innovative and accessible healthcare solutions that help you live a healthier, happier life. Our services combine convenience, personalization, and community engagement to promote total well-being.

Our Key Services

- **ElohehCare Wellness Kits** — Curated monthly packages containing natural supplements, calming herbal teas, aromatherapy oils, and self-care items such as sleep masks and journals. Designed to promote overall well-being, boost immunity, manage stress, and support sleep hygiene.
- **Eloheh Virtual Clinic** — A secure telehealth platform offering video consultations with licensed medical professionals, including general practitioners, therapists, and dietitians. Provides on-demand healthcare access, prescription services, and chronic disease management.
- **Eloheh Home Diagnostics** — Easy-to-use, mail-in testing kits for blood sugar, food sensitivities, hormone imbalances, vitamin deficiencies, and more. Includes prepaid return labels and delivers digital results within 3–5 days.
- **Eloheh Health Tracker App** — A free mobile app integrating with wearable devices to log symptoms, track medications, schedule reminders, and store health data securely.
- **Eloheh Community Wellness Programs** — A series of in-person and virtual educational initiatives such as webinars, health literacy workshops, and fitness/yoga classes, with a focus on underserved communities.
